YOUR **90 DAY PLAN**

Leading insurance-focused consultancies Hillster Marketing and Zebra Vision have joined forces to offer insurance brokers a 90 day plan to get their message out there.

We frequently hear brokers have challenges with generating content, what to say and how to get it out there. So, we have developed the 90 day 'Getting your message out there' plan including targeted planning, content generation, videos, blogs and social media postings as well as an 'end of term' report on how well the program has performed.

THE SOCIAL PACK INCLUDES

- Consultancy and promotional plan
- 1 newsletter or EDM
- 2 videos
- End of term report
- 6 blog posts
- 12 social media posts

All produced and posted to your accounts for only \$5,750 +GST

Between them, Hillster Marketing and Zebra Vision have worked with many of the leading players in the insurance industry including OAMPS, Reliance Partners, Steadfast, Insurance House, ProRisk and Insight. We know your industry, all the terminology and how to get your message out there.
